POLICE DRIVER TRAINING

Basic Police Driving - 16 Hours

Provides officers with theory and hands on skills in the safe vehicle operation and accident avoidance techniques used in effective police fleet operations.

Police Driving Refresher - 8 Hours

Provides officers with the enhanced skills and refinement of existing skills in safe vehicle operation in today's traffic environment. Officers should have taken a Basic Driving Course in the past 3 years.

Emergency Driving Techniques for Business, Industry, & Government

The Missouri Safety Center offers a variety of driving courses that can be customized to meet the needs of the customer. The training may consist of classroom only as an awareness or refresher type course or it may also include hands-on training in defensive driving and accident avoidance techniques. These courses may range in length from 1 to 16 hours to meet the needs and requirements of the customer. Classroom courses may be conducted on-site, however, the hands-on training courses are typically conducted at the Missouri Safety Center facilities in Warrensburg, Missouri. These courses are offered on an as-needed basis and upon request by the customer.

Some of our current clientele include:
- Aquila
- SKC Electric
